Check Your Insurance
It’s the New Year and, if you’re like many people, you may look at various areas of your life to see where there is room for improvement. One area many people don’t explore is their insurance. Are you and your family covered?

Cut Funeral Costs by Planning Ahead
Shopping for the best deal on funeral services is the last thing anyone wants to do when grieving. That’s why you may want to spare loved ones this task by planning ahead, saving potentially thousands of dollars in the process.

Is your Business Tax-Efficient?
As business owners turn part of their attention toward taxes, it pays to also examine ways to become more tax-efficient, particularly in light of the Tax Cuts and Jobs Act.

Revisiting Your Business Plan
If you’re an experienced business owner, you may think a business plan is something you need only when starting out. The truth is that an updated plan can help your business grow and your employees thrive.

When Safe May Be Risky
When nearing retirement, you may want to preserve your retirement savings through investments that are typically considered less risky, such as bond and money market mutual funds. Investment risk, however, may not be the only risk your retirement accounts face.

Beyond Scary Headlines
If you read about or hear dire predictions about how underfunded Medicare and Social Security are, you would think retirees will soon be in desperate financial shape. The truth is these programs have served retirees for years, and will likely continue to do so in the future. But the reality is that these programs cannot fully fund your retirement, so it’s up to you to ensure your own retirement security by taking common-sense steps today to prepare for tomorrow.
